

Product description

GL7238 Woven Fabric Combined with Knitted Fabric Padded Vest for Lady

Product Instruction:

This is an updated style for the classic body warmer, and we use the woven fabric combined with knitted fabric together.

We use the soft and comfortable nylon fabric for the shell fabric with quilted stitches. And the lining fabric is also the same quality as the shell fabric. The padding quilted part keep your body warm. The bonded knitted fabric in the side panel to give more freedom to move.

In the front, the long nylon zipper closure with the self-fabric zipper puller. We use the invisible zipper in the side pockets. The elastic piping in the sleeve keep the wind outside and fit your arm very well.
